

***CLEAN***  
***on the GO*** **THE Degreaser™ 6**

Heavy Duty All Purpose Industrial Cleaner

THE Degreaser is an ecologically sound, environmentally conscious, heavy-duty all-purpose industrial cleaner formulated to remove grease, oil and other tough soils without upsetting the eco-system of water and waste treatment facilities. THE Degreaser is non-viscous and purple in color with a mild, pleasant fragrance.

**AGGRESSIVE DEGREASING PERFORMANCE:**

THE Degreaser is a powerful detergent complex with aggressive grease emulsification ability. It quickly penetrates, emulsifies and removes tough industrial soils such as petroleum grease, soot, oils, lubricants, tar, tire and rubber marks, carbon exhaust as well as animal fats and food soils.

**REINVENTS TRADITIONAL SURFACTANT SYSTEMS:**

Many current cleaners and degreasers depend on Nonylphenol detergents for their cleaning ability. THE Degreaser offers excellent surfactant/wetting agent emulsification abilities without Nonylphenol. Instead, the THE Degreaser formula incorporates a new state-of-the-art surfactant system.

In addition, THE Degreaser does not contain chelating agents, silicates or solvents which upset or interfere with the function of municipal water and trade waste systems. Why is this important? This benefit is extremely important to large industrial plants who must monitor and report effluent or pay substantial dollars to haul away waste water or treat waste water before it goes in to a municipal plant.

**FORMULATED WITH ECOLOGICAL AND ENVIRONMENTAL CONCERNS:**

Biodegradable. No inorganic phosphates. THE Degreaser is easily waste treatable.

**NO CHELATING AGENTS:**

Will not tie up heavy metals and make them difficult to treat. THE Degreaser is less likely to pick up heavy metals in the cleaning application. Spent cleaning solution is more easily treated in wastewater treatment facilities.

**NO SILICATES:**

Silicates cause problems with filterability in waste water treatment systems and add residue.

**NO VOCs:**

A number of industrial facilities are quite concerned today with the VOC content of each product used and total VOC=s in their facility. THE Degreaser is VOC free and will not add to the total VOC count in any industrial facility.

**NO BUTYL:**

The use of butyl is not permitted in many large manufacturing plants, government and automotive production facilities.

**NO GLYCOL ETHERS OR OTHER SOLVENTS:**

THE Degreaser, when used as directed, is user friendly and safer than many other degreasers.

**NO SARA TITLE III REPORTABLE INGREDIENTS:**

THE Degreaser does not contain any hazardous ingredients listed under SARA TITLE III (Superfund Amendments Reauthorization Act). No need to report use of THE Degreaser to the EPA (Environmental Protection Agency) or registered SARA coordinator.

**VERSATILE:**

THE Degreaser can be used on any surface not harmed by water. Apply with mop, brush, pressure washer, auto scrubber or use as a spray and wipe for walls and equipment.

**DIRECTIONS FOR USE:**

Degreases and cleans floors, walls, metal, stainless steel, porcelain, ceramic/quarry/resilient tile, plastic, fiberglass, brick, concrete, brass, copper, rubber, iron; nearly any surface not harmed by water.

**GENERAL DEGREASING AND CLEANING:**

Fill spray bottle from Clean on the Go Dispenser. Spray surface and wipe with sponge, mop or other cleaning cloth.

**FLOOR CLEANING USING MOP AND BUCKET/AUTO SCRUBBER:**

Fill bucket or auto scrubber from Clean on the Go Dispenser. Apply Eco Degreaser. Pick up soil and excess cleaner with clean mop. Rinse mop frequently and change solution as needed.

**DO NOT MIX WITH OTHER CHEMICALS.**

**SPECIFICATION DATA:**

Total Active Ingredients - 23.5%  
Specific Gravity - 1.06 @ 24EC/75EF  
Density - 8.84 lbs./gal. @ 24EC/75EF  
Viscosity - Non-viscous  
pH (Concentrate) - 12.0  
Solvents - None  
Flash Point (Tag Closed Cup) - None  
Stability -  
a. Shelf @ 24EC/75EF - 1 year minimum  
b. Accelerated @ 49EC/120EF - 30 days minimum  
c. Freeze/Thaw - 3 cycles  
Miscibility - Mixes well with hot or cold water.  
Phosphate free  
Biodegradable

**PACKAGING:**

THE Degreaser is packaged in attractively labeled 2-liter containers, 4 per case. Label copy is available in English, Spanish and French. Secondary labels are also available. For use only with Clean on the Go Dispenser.

**Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting [www.spartanchemical.com](http://www.spartanchemical.com).**

**GUARANTEE:**

Spartan's modern manufacturing and laboratory control insure uniform quality. If dissatisfied with performance of product, any unused portion may be returned for credit within one year of the date of manufacture.
