Pathmaker is non flammable and non corrosive and contains no solvents or abrasives. Does not harm the rubber tires or rubber squeegee blades on an automatic floor machine.

Pathmaker has a pH of 12.1 to 12.4 and will do an outstanding job of cleaning floors, painted walls, woodwork, and other washable surfaces not harmed by water.

#### DIRECTIONS FOR USE:

Some individuals may be sensitive to ingredients in this product. Before using, read product label and MSD sheet. Wet floors may be slippery. Prevent pedestrian traffic with signs or barricades.

Automatic Floor Machine:

1. Fill the solution tank with water and then add Pathmaker.
2. If soil is light to medium, 3 oz. of Pathmaker per gallon of water will be sufficient.
3. Lay the cleaning solution on the floor and with the squeegee blade down, pick up as you scrub.
4. It is recommended that the user experiment with different types of pads or brush or brush pressure, to achieve maximum results.
5. For heavily soiled floors, use Pathmaker in a concentrated solution of 8 oz. of Pathmaker per gallon of water. If necessary, double scrub, and on the second pass with squeegee blade down, pick up solution.

**Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting [www.spartanchemical.com](http://www.spartanchemical.com).**
